

Street Art in Florence

December 2015
- Maart 2016

Jan Juffermans

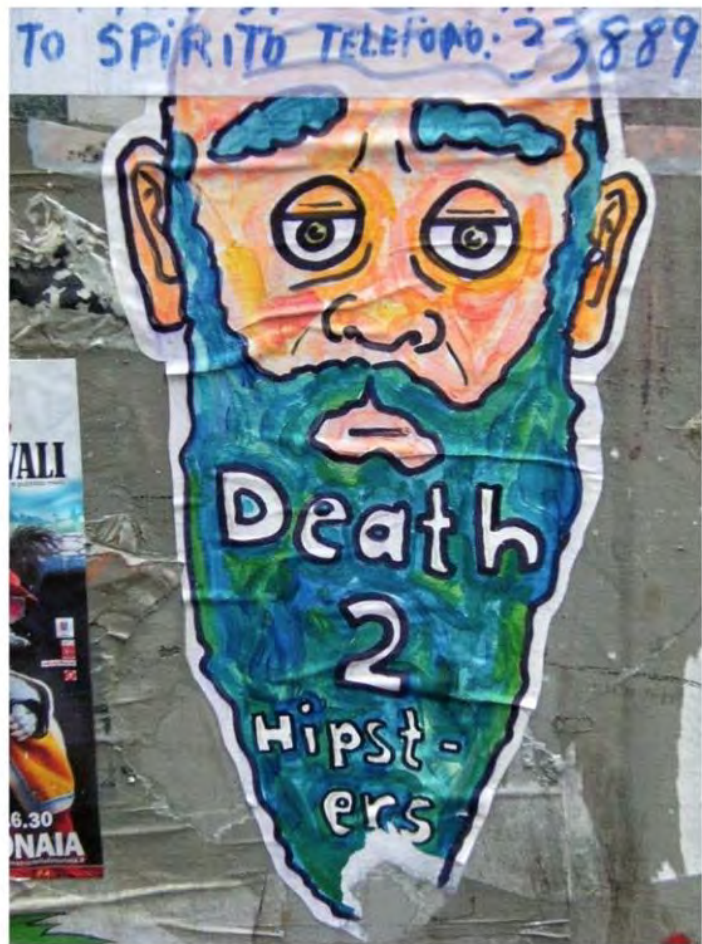

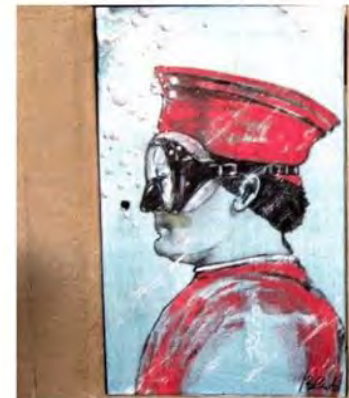

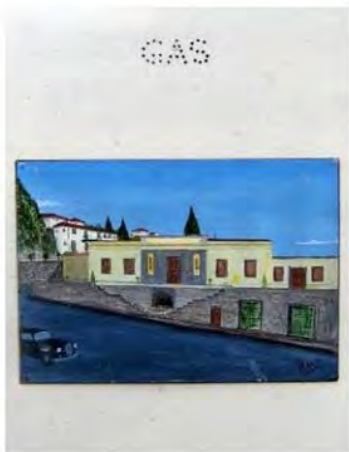

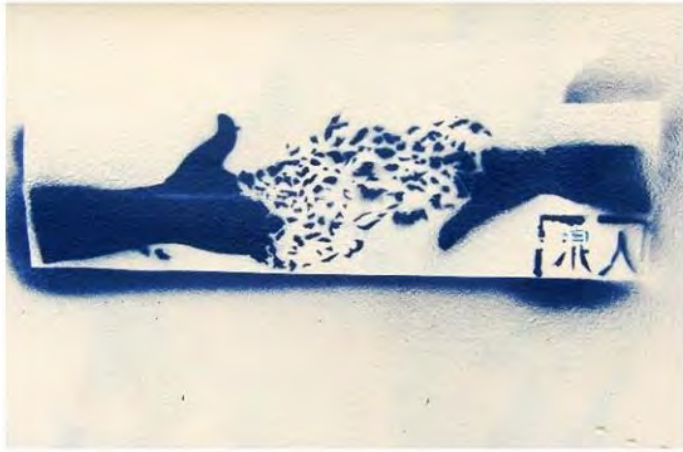

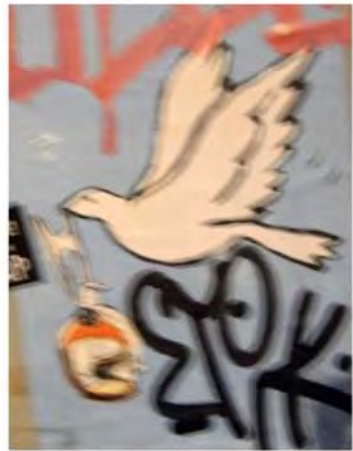

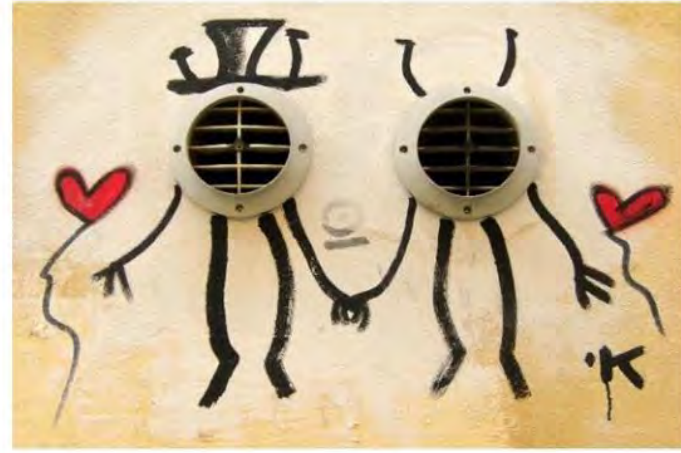

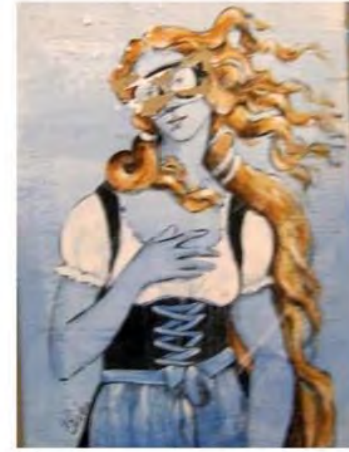

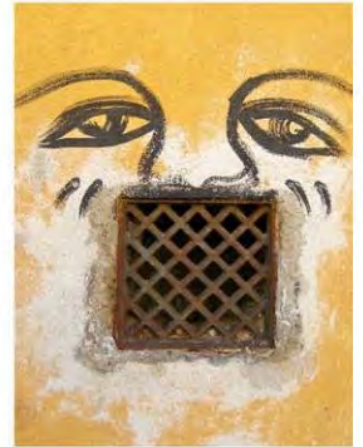

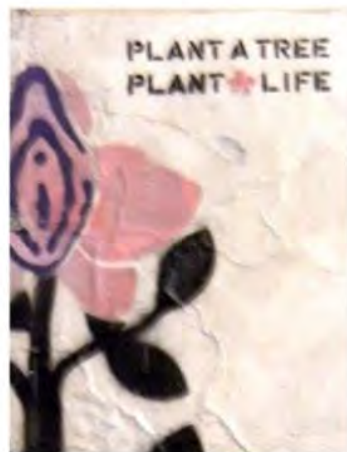

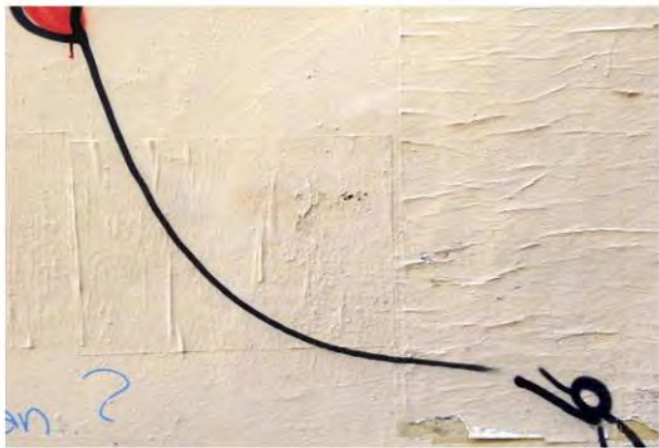

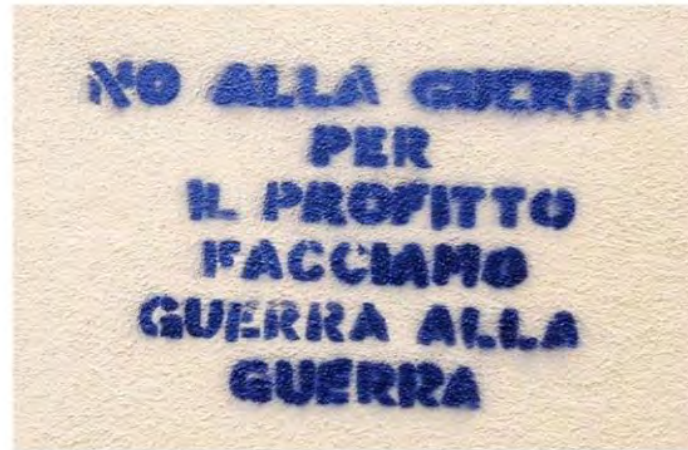

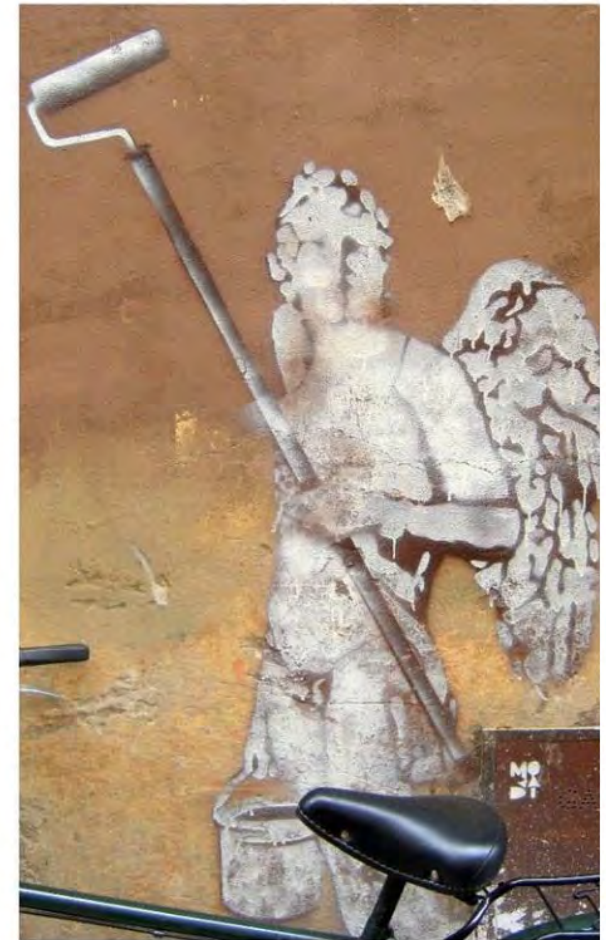

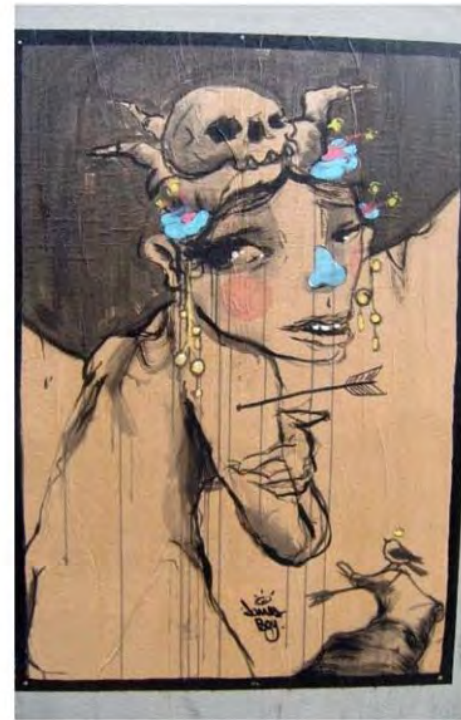

Tijdens een verblijf in Florence tussen half december 2015 en half maart 2016 maakte ik deze foto's in de vele straten en stegen, op pad met de vouwfiets en vaak wandelend, maar soms ook systematisch een hele wijk doorkruisend. De foto's zijn vooral gemaakt met een Fuji-camera, type FinePix F480, maar zo af en toe ook met de iPhone.
